

Scientific Program

Thursday, May 20

08.30-08.45 Opening, *Kerstin Albertsson-Wikland, Ze'ev Hochberg*

08.45-09.30 The scientific method: from bedside to bench, *Ze'ev Hochberg (Haifa)*

09.30-10.15 Mutation analysis, *Ana Claudia Latronico, (São Paulo)*

10.15-11.00 *Break*

11.00-11.45 Design a clinical trial, *Kerstin Albertsson-Wikland (Göteborg)*

11.45-12.30 Scientific writing, *Nancy Gough (Science Signaling)*

12.30-14.00 *Lunch*

14.00-14.45 siRNA-mediated knockdown, *Alan Saltiel (Ann Arbor)*

14.45-15.30 Translational research, *David Clemmons (Chapel Hill)*

15.30-16.00 *Break*

16.00-16.45 Drug discovery, *Yossi Cohen (London)*

16.45-17.15 Gathering evidence from long term follow-up, *Jean-Claude Carel (Paris)*

17.15-18.00 *Break*

18.00-18.45 Gene polymorphism, *Nicolas de Roux (Paris)*

18.45-19.30 Signal transduction research, *Ronald Kahn (Boston)*

19.30-21.00 *Dinner*

21.00-22.00 Journal club, *students in groups*

Cecilia Camacho Hübner & Alan Saltiel

Ana Claudia Latronico, Kerstin Albertsson Wikland & Ronald Kahn

Nicolas de Roux & David Clemmons

Jean-Claude Carel, Heiko Krude & Yossi Cohen

Ze'ev Hochberg & Nancy Gough

Organizing Committee

Ze'ev Hochberg

Claire Levy-Marchal

John Achermann

Olle Söder

Conference Organizer

Sten Renstad

SemSer-Seminar Service

Nybrogatan 62

SE-114 40 Stockholm, Sweden

Tel. +46 70 664 5430

e-mail: sten.renstad@semser.se

May 21-23, NICHe Conference (see separate program) or
<http://vaxthuset.ganden.tibetserver.com/workshops/2010>

Sunday, May 23

16.30-17.15 Applying for grants, *Miles Davies, (Stockholm)*

17.15-18.00 NMR metabonomics in understanding metabolism, *Michael Waters (Brisbane)*

18.00-19.00 Projects dicussion, *students in groups*

19.00-20.30 *Dinner*

20.30-21.30 Journal club, *students in groups*

Monday, May 24

08.00-08.45 Career development strategies, *Olle Söder (Stockholm)*

08.45-09.30 Epigenetic changes in endocrine target genes, *Heiko Krude (Berlin)*

09.30-10.15 *Break*

10.15-11.15 Projects discussion, *students in groups*

11.15-12.00 Pancreatic beta cell regeneration, *Morris White (Boston)*

12.00-13.15 *Lunch*

13.15-14.00 New insights into steroidogenesis, *John Achermann (London)*

14.00-14.45 Epidemiology research, *Claire-Levy Marchal (Paris)*

14:45-15.15 Course summary

End of ESS

Kerstin Albertsson-Wikland & Heiko Krude

Claire Levy-Marchal & Heiko Krude

Olle Söder & Michael Waters

Jean-Claude Carel & Morris White

Ze'ev Hochberg & John Achermann
