ESPE Science School (ESS) May 16-20, 2012 - Heraklio, Crete, Greece

February 21, 2012

Dear ESPE member,

RE: Call for ESS Student applications

This is our annual call for ESPE members to have their younger colleagues apply for ESS, including the NICHe Conference, which will be on “**Stress Response and Child Health**” in May 16-20, 2012 in Heraklio, Crete, Greece.

Applicants for ESS can be postdoctoral fellows, last year PhD students or young research faculty in Pediatric Endocrinology within 5 years of their fellowship or PhD.

The program is based on core lectures (marked by C), research concepts (R) and new technologies (N), as well as projects’ presentation and discussion by the students, and practical exercise in reviewing an article.

ESS will cover travel and participation costs.

Applications should include a letter of application, CV and a letter by the direct supervisor, and should be submitted to the Conference Organizer, Mr. Kavadias, by email only [KKavadias@era.gr] until March 25, 2012. Decisions will be announced by April 10, 2012.

On behalf of the Organizing Committee

George P. Chrousos, MD, MACP, MACE, FRCP (London)
ESPE Science School Coordinator

Organizing Committee

George P. Chrousos
Evangelia Charmandari
Jean-Claude Carel
John Achermann
Olle Söder
