

ESPE Research Unit Grant 2001-2003

“Collaborative international studies on the long term effects of Prenatal Treatment of Congenital Adrenal Hyperplasia (PREDEX)”

M Ritzén, A Wedell, S Lajic, R Voutilainen, K Main, M Ginalska-Malinowska, C Brain, P Hindmarsh, L Ibañez, M Forest from Sweden, Finland, Poland, Denmark, United Kingdom, Spain and France.

(S Lajic, presented results at Annual Meeting, Rotterdam, 2006)

ESPE Research Unit Small Grant 2002

“The role of the Ihh/PTHrP feedback loop in the human growth plate: A concerted European action”

L Sävendahl, JM Wit, H Robson, GR Williams, P Moshe, I Hughes, T Siebler, M Corvol, S van Buul-Offers from Sweden, The Netherlands, United Kingdom, Israel, and Germany.

ESPE Research Unit Grant 2003-2005

“Rickets in Children of Middle Eastern Origin”

Investigators: G Saggese, G Baroncelli, L Audi, A Bereket, H Delemarre-van de Waal, M El Kholly, Z Hochberg, E Schonau, N Shaw from Italy, Spain, Turkey, The Netherlands, Egypt, Israel, Germany and United Kingdom.

(Hochberg: presented results at Annual Meeting, Lyon 2005)

ESPE Research Unit Grant 2004-2006

“Screening and characterisation of DAX1-Interacting Proteins”

Investigators: Drs A Tiulpakov, P Rubtson, W Sippell, N Krone and J Achermann from Russian Federation, Germany and United Kingdom

(A.Tiulpakov, will present results at Annual Meeting, Helsinki, 2007)

ESPE Research Unit Small Grant 2004-2005

“Effects ACE-inhibitors on endothelial dysfunction and markers of angiopathy and oxidative stress in adolescent and young adults with type 1 diabetes”

Investigators: Drs Angelika Mohn, M Vanelli, T Danne and H. Mortensen from Italy, Germany and Denmark

ESPE Research Unit Grant 2005-2007

“Molecular regulation of the growth plate”

Investigators: Drs J M Wit, L Sävendahl and G Rappold from The Netherlands, Sweden and Germany

(results will be presented at Annual Meeting, Istanbul, 2008)

ESPE Research Unit Small Grant 2005-2006

“Networking in Paediatric Endocrine Disruptors”

Investigators: Drs J Toppari, J Anders, O Söder, JP Bourguignon, I Hughes, C Acerini, C Sultan from Finland, Denmark, Sweden, Belgium, United Kingdom, France

ESPE Research Unit Grant 2006-2008

“Exploring the utility of a European register of disorders of sex development / DSD”

Investigators: Drs. SF Ahmed, O Hiort, S Bertelloni, IA Hughes, SLS Drop, K Robertson, from Scotland, England, Germany, Italy, Netherlands
(results will be presented at Annual Meeting, New York , 2009)

ESPE Research Unit Small Grant 2006-2007

No grant has been given

ESPE Research Unit Grant 2007-2009

“Investigation of mitochondrial function and alterations in the mitochondrial proteome during development of obesity”

Investigators: Drs. AN Eberle, P Liniger, IM Fearnley, JE Walker, R Peterli, T Peters, U Zumsteg, J Mayr; from Switzerland, England
(results will be presented at Annual Meeting, Prague , 2010)

ESPE Research Unit Kick-off Grant 2007-2009

“Molecular regulation of normal thyroid development and function and their diseases”

Investigators: Drs. M Polak, G. Szinnai, J. Moreno; from France, Switzerland, Netherlands

ESPE Research Unit Small Grant 2007-2008

“Identification of ABCC8 mutations in atypical type 1 diabetes patients and possible treatment consequences”

Investigators: Drs. PR Njølstad, A Molven, HB Mortensen, L Castaño; from Norway, Denmark, Spain

ESPE Research Unit Grant 2008-2010

“Anti-Müllerian hormone levels in girls with Turner’s syndrome: A possible predictor of ovarian function.”

Investigators: Drs. CE Flück, JA Visser, MB Ranke, A Hokken-Koele; from Switzerland, The Netherlands, Germany

(results will be presented at Annual Meeting, Glasgow 2011)

ESPE Research Unit Small Grant 2008-2009

“Endocrine and Genetic Characteristics of the Pygmy Population in South Western Uganda”

Investigators: Drs. Z Hochberg, E Mworozzi, C Camacho-Hübner, M. Dattani; from Israel, Uganda, Sweden, UK

ESPE Research Unit Small Grant 2008-2009

„Safety and Appropriateness of Growth Hormone treatments in Europe (SAGHE)“

Investigators: Drs. JC Carel; S Cianfarani, G Butler, L Savendahl; from France, Italy, UK, Sweden

ESPE Research Unit Grant 2009-2011

“Congenital Hyperinsulinism: Genes, phenotype and treatment.”

Investigators: Drs. HB Christesen, V Peterkova, AN AlMutair, K Brusgaard; from Denmark, Russia, Saudi Arabia

(results will be presented at Annual Meeting, Leipzig, Germany 2012)

ESPE Research Unit Grant 2009-2011

“Effects of endocrine disrupting chemicals (EDC) on GnRH neuronal function.”

Investigators: Drs. S Heger, A-S Parent, V Prevot; from Germany, Belgium, France

(results will be presented at Annual Meeting, Leipzig, Germany 2012)

ESPE Research Unit Grant 2010-2012

“Infant manifestations of adult obesity susceptibility genotypes“

Investigators: Drs. K. Ong, B. Heude, L. Ibáñez, D. Dunger, MA Charles, F. de Zegher; from UK, France, Spain, Belgium

(results will be presented at Annual Meeting, Milan, Italy 2013)

ESPE Research Unit Small Grant 2010-2011

No grant has been given
