

34th ESPE Summer School

Laura Ashley Hotel The Belsfield, Lake Windermere, England

September 7th to 9th, 2020

Sponsored by an educational grant from FERRING Pharmaceuticals A/S

Dear Colleagues

We would like to invite applicants for the forthcoming ESPE 2020 summer school in UK. The aims of the ESPE Summer School are to provide up to date education in selected areas of paediatric endocrinology, to promote discussions and interactions between younger and senior paediatric endocrinologists and to prepare the future leaders in paediatric endocrinology.

The event extends over 3 days and is composed of lectures, discussions and interactive case presentations. In 2020, it will be held at **Laura Ashley Hotel The Belsfield, located on the banks of Lake Windermere (90 minutes drive from Liverpool or Manchester)**, immediately before the 59th Annual Meeting of the European Society for Paediatric Endocrinology in Liverpool.

The Summer School fellows usually consist of physicians **still in academic training in paediatric endocrinology** and are selected by the Summer School Steering Committee. **Applicants must have had at least one year of clinical training in Paediatric Endocrinology. Applicants should not have previously attended the Summer School.** The application form and further information is now available on the ESPE Summer School website. Applications should include a CV with publications and a letter of recommendation by a current supervisor and **a letter of recommendation by a member of ESPE if the current supervisor is not a member.**

[Please apply via the online application form](#)

The **deadline** will be **February 8th, 2020** and applicants will be notified by the middle of April 2020. There is no registration fee for the Summer School and travel between Liverpool/Manchester and the Summer School venue and accommodation on the nights of the 6th, 7th and 8th September and associated meals will be provided. We look forward to seeing you then.
